February 2024

Dear parents and carers,

One of our aims as a school is to improve pupils' understanding of money and shopping. We feel that this is a key life skill and we want to increase the opportunities we provide for our pupils to develop these skills.

With this in mind, we are running a school shop during maths lessons. Children will be able to visit the school shop and buy small toys and items whilst practicing their maths skills.

We are asking families to send in **£2** to cover the cost of each child accessing the shop. Each child will have 4 opportunities to visit the shop and will buy 4 different items.

Pupil's money will be spent on ordering appropriate items that they will find motivating. The trinket-style toys will cost approximately 50p each and will be supplemented by donations from local companies to increase the excitement and quality of products.

If you have any questions or concerns, please contact the school.

Yours sincerely

Rachel Rai | Headteacher

Daniel Alvarez | Mathematics lead

Avenue School Shop – Mathematics

Pupil name _____ Pupil class _____

I have enclosed £2 for my child to use in the school shop.

Parent/carer name _____
